Re: June 15, 2008 Price Increase

Alberdingk Boley, Inc has no option but to increase prices of all products effective for shipments on or after June 15, 2008 out of the Greensboro, NC facility.

The price increase is based on raw material price increases, packaging, energy and operating costs. Current delivered pricing will also be changed to FOB Greensboro, NC deliveries at this date which will eliminate transport cost impacts on product prices.

An Alberdingk Boley sales representative will be contacting you with specific details on the price changes. Should you have any questions in the meantime, please visit www.AlberdingkUSA.com for appropriate contact information in this regard.

Sincerely

Paul Bleisteiner
President
